- The above consolidated financial results were reviewed by the Audit Committee and approved by the Board of Directors at their respective adjourned meetings held on June 1, 2018. The said results have also been reviewed by the statutory auditors of the Company.
- The above consolidated results are also available on the Company's website www.gptinfra.in and on the stock exchange websites (www.bseindia.com and nseindia.com).
- The Company is currently focused on two Operating Segments : Infrastructure and Concrete Sleeper. The Operating Segments have been reported in the manner consistent with Internal reporting provided to the Chief Operating Decision Maker.
- The Company has paid interim dividends for the financial year 2017-18 aggregating to ₹ 2.00 per equity share of ₹ 10/- each, which is considered as final dividend.
- The Company has recognised the impact of Goods and Service Tax (GST), post its applicability w.e.f. July 1, 2017 in its infrastructure and concrete sleeper divisions. Revenue from operations is disclosed net of GST. However, revenue for the period quarter / year ended March 31, 2017 are inclusive of excise duty. Accordingly, revenue from operations for the quarter / year ended March 31, 2018 are not comparable with those reported for quarterly / year ended March 31, 2017.
- The Company has evaluated the future impact of GST on its existing construction contracts in the light of ongoing negotiations with its customers. Based on such evaluation, the likely future impact of GST has been recognised in these results. Management believes that there will be no adverse impact in this regard.
- The Company has adopted Indian Accounting Standards (Ind AS) prescribed under section 133 of the Companies Act, 2013, read with the relevant rules issued thereunder, from April 01, 2018 being the date of transition as per Ind AS 101. Accordingly, these audited financial results have been prepared in accordance with the recognition and measurement principles laid down in relevant Ind AS and other accounting principles generally accepted in India.
- In an earlier year, the Company had incorporated a subsidiary (Jobani Highway Private Limited) for execution of a BOT contract awarded by a customer. The subsidiary had subcontracted such construction work to the Company. Subsequently, the subsidiary had terminated the concessional agreement with the customer due to the required land not made available by the customer and referred the matter to arbitration. During the year, the Arbitration Tribunal has awarded a sum of ₹ 6,120.32 lacs in favour of the subsidiary. The impact of the aforesaid award will be recognised when receipt of the arbitration award becomes reasonably certain.
- The statutory auditors of the Company have drawn emphasis of matter in their audit report regarding:
 - Uncertainty on recoverability of Group's share of unbilled revenue, trade and other receivables aggregating ₹ 1,727.95 lacs in respect of two joint operations, wherein the underlying project is completed and the management of the joint venture operations have initiated arbitration proceedings for recovery of dues. The Management believes that the outcome of arbitration will be favourable to the company and hence no provision is considered necessary in this financial results.
 - Significant uncertainty regarding a subsidiary's ability to continue as going concern due to scheduled expiry of agreement with its sole customer in 2020 and absence of any clause for extension that can be exercised by that subsidiary. Management believes that the subsidiary will be able to enter into a new agreement with the customer and continue to operate as a going concern as it has been executing contracts in South Africa since 2008 continuously. Consequently, no adjustments have been carried out in relation to total assets aggregating ₹ 8,237.19 lacs and total liabilities aggregating ₹ 6,746.64 lacs in the aforesaid subsidiary.
- Attention is invited to the following:
 - In earlier years, the Company had significantly completed execution of certain construction contracts under the terms of agreements with some government departments. Unbilled revenue, accrued price escalation and trade receivables aggregating ₹ 2,892.82 lacs (including impact of unwinding), are yet to be received by the Company in respect of such contracts due to paucity of funds available with those customers. The statutory auditors of the Company have expressed their inability to comment on the extent of recoverability of the above asset balances and the period over which these are expected to be recovered, and have accordingly modified their audit report in this regard. Based on regular follow ups with these customers, management is confident that the aforesaid amount is fully recoverable.
 - During the year, the Company has significantly completed execution of a construction contract. Unbilled revenue amounting to ₹ 1,860.25 lacs is yet to be billed / realised by the Company in respect of such contract since final joint measurement of work is in progress.
