 The utilisation of the issue proceeds from the above have been made towards long term working capital of the company, in terms of shareholder's approval vide resolution passed on 24th December 2009.

 During the quarter, the Company has implemented new ERP system and thus changed its method of valuation of raw materials, construction material and stores & spares parts inventories from "First in First out" to "Weighted Average" basis. Further, the management believes that such change in the method of valuation of inventories will result in a more appropriate presentation of these inventories and will give a systematic basis of charge for raw materials, construction material and stores & spares parts consumption and would be more representative of the time pattern in which the economic benefits will be derived from the use of such inventories. Had the Company continued to use the earlier basis of valuation, the charge to profit & loss account for the quarter would have been higher by Rs 3.13 lacs and raw materials, construction materials and stores & spares parts inventories would be lower by Rs 0.18 lacs, Rs 2.39 lacs and Rs 0.56 lacs respectively.
